

WHAT IS REVENUE INTEGRITY WEEK?

A national week of recognition for revenue integrity professionals presented by the **National Association of Healthcare Revenue Integrity (NAHRI)** to support and celebrate the revenue integrity profession.

WHAT SHOULD WE DO TO CELEBRATE?

Take a look at the lists of suggested activities under the activities menu! Test your revenue integrity knowledge with our Revenue Integrity Week crossword and word find. Next, print out our Revenue Integrity Week poster and take a staff photo to celebrate. Hand out fliers to others in your facility and more!

Visit nahri.org/revenue-integrity-week to access the activities.

WHO IS THIS WEEK FOR?

It's for all types of revenue integrity professionals, from chargemaster coordinators to nurse analysts, compliance directors to clinical documentation specialists, to recognize their achievements.

WHAT IS THE NAHRI STATE OF THE INDUSTRY SURVEY?

NAHRI is asking its members and subscribers to offer their insights on how the revenue integrity profession is changing and growing for its State of the Industry Survey. The survey looks at topics such as background and experience, revenue integrity functions, chargemaster maintenance, billing and charging processes, and auditing functions. Review the report with your team to see how you compare to revenue integrity programs across the country. The survey report will be released during Revenue Integrity Week at nahri.org/revenue-integrity-week.

CAN WE USE THE REVENUE INTEGRITY WEEK LOGO AND POSTERS AT OUR FACILITY?

YES! We encourage revenue integrity professionals to download the poster and logo and to include it in email signatures, in Revenue Integrity Week materials, and even as office decorations. Visit nahri.org/revenue-integrity-week to download our Twitter and Facebook banners and suggested posts and use them on your social media accounts with the hashtag #revenueintegrityweek to promote your team. Then share with us on social media photos of what you are doing to celebrate! Find us on [Facebook](#), [Twitter](#), and [LinkedIn](#)!
